

# Jurnal Penelitian Kesehatan "SUARA FORIKES" (Journal of Health Research "Forikes Voice")

Jurnal Penelitian Kesehatan Suara Forikes (Journal of Health Research Forikes Voice) is a media for the publication of articles on research and non-research, such as book review, case report, commentary, information, letter to editor, literature review, opinion, scientific news, tutorial and others.

- We accept articles in the areas of health such as:
- biomedical sciences (anatomy, physiology, pathology, immunology, microbiology, biochemistry, medical physics, molecular biology and others);
  - public health (epidemiology, demography, biostatistics, health behavior, occupational health and safety, environmental health, health education, health policy, health information systems, health management and others);
  - medicine (internal medicine, pediatrics, obstetrics and gynecology, neurology, psychiatrics, surgery and others);
  - dentistry (orthodontics, oral surgery, dental conservation, community dentistry and others);
  - nursing (medical-surgical nursing, community nursing, maternity nursing, pediatrics nursing, and others);
  - midwifery (antenatal midwifery care, intranatal midwifery care, postnatal midwifery care; reproduction health, family planning and others);
